RUNNING PLAYS

- There is no limit to the number of handoffs made behind the line of scrimmage.
- Player does not have to be lined up behind the line of scrimmage.
- One lateral or pitch is allowed behind the line of scrimmage. If the pitch is forward, then recipient can't pass and must run. No laterals past LOS.
- The "No Run Zone" is designated to avoid short yardage power running. It is located five yards before first down and five yards before the end zone.
- The player who takes the handoff can throw the ball as long as he does not pass the line of scrimmage.
- Once the ball has been handed off or pitched, all defensive players are allowed to rush even if they aren't behind the 7-yard mark.
- No handoffs or laterals are allowed past the line of scrimmage.
- There is no jumping or diving when running with the ball to avoid a flag pull. Players can jump step or jump back to avoid a flag pull. If officials indicate illegal jump, the ball will be placed where they left their feet.
- The QB cannot run the ball. If the ball is handed off behind the line of scrimmage that person can run (as long as it's not in the no run zone) or pass. Once the ball is handed off there is no 5 second count.

RUSHING THE QUARTERBACK

- Any number of players can rush the QB but must be a minimum of 7 yards beyond the line of scrimmage when the ball is snapped. Once the ball has been handed off, all players are eligible to rush from anywhere.
- Official will designate 7 yards from the Line of Scrimmage.
- If the rusher enters the 7-yard neutral zone before the snap, he must get back before the ball is snapped or else he is ineligible to rush on that play.
- Rusher must go for the quarterback's flags. Rusher may attempt to block the pass, but it is a penalty to make contact with the QB's body or arm even if the ball is deflected.
- If no one rushes, the quarterback will have 5 seconds to release the ball. With a defensive rush the 5-second rule is waived.
- It will be the offensive player's responsibility to give the rusher a clear line to the QB. The

official will determine incidental contact. (Rusher cannot run directly at the center, he must give receiver clearance to run pattern).

RECEIVING

- All players are eligible to receive passes (including the QB if the ball has been handed off behind the line of scrimmage).
- Player must have at least one foot in bounds when making a catch.
- No bump and run coverage. No chucking receivers at the line of scrimmage or down field.

PASSING

- Shovel passes are allowed even behind the line of scrimmage.
- QB will have FIVE second pass clock if no defensive player rushes. If a pass is not thrown within five seconds, the play is dead and treated as an incomplete pass.
- Interceptions may be returned (including extra points).

DEAD BALL

- Play is ruled over when/where the ball is spotted.
- When the ball hits the ground, includes bad snap.
- No fumble recoveries allowed.
- When the ball carrier loses his flag (pulled off or falls off).

**** Note:** If the receiver catches a ball and he has lost his flag already, it's a completed pass but he is unable to advance the ball. If the flag is pulled by an opponent prior to the reception, he may advance the ball and the defense must pull his other flag. If both flags have been pulled prior to the catch (Illegal Flag Pull), defensive penalty applies.

- When the ball-carrier's knee hits the ground the play is ruled dead. Players can put their hand down to keep balance, but not to avoid a flag pull.
